

FAITH OVER FEAR

MARCH 22

JOHN FULLER
SENIOR PASTOR

ADDRESSING CORONAVIRUS

INTRODUCTION

Our lives have changed dramatically in the last couple weeks. This is a crazy new season filled with uncertainty, anxiety, unsettledness and fear. None of us wants to be in this position, but we are. But, when our world feels out of control, fear is our greatest enemy. If we stand up on our faith, we'll see over our fear.

DISCUSSION

1. How has this pandemic personally affected you/your family?
2. What fears are rising up in you during this season?
3. Jesus consistently says "don't be afraid" (John 14:27), but when fear does rise up in you, how does it usually come out?
4. Read the story of Elisha and his servant in **2 Kings 6:8-17**. What would it be like if God opened your eyes to see differently?

DO SOMETHING

Read Romans 12:12, and write down some practical ways for you to be intentional with the following in this season:

Stay joyful in hope

Be patient in affliction

Remain faithful in prayer
